There has been a rumor going the rounds among the political gossips that the can-There has been a rumor going the rounds among the political gossips that the candidacy of Mache to succeed Donohoe in the Virginia Senate had resulted in a sort of estrangement between Lieutenant-Governor Willard and R. Walton Moore. Mr. Machen was in Washington yesterday in consultation with Mr. Davis, of Alexandria county, relative to a patent suit in which they are interested. When the reported estrangement between the Fairfax gentlemen was mentioned to him by Mr. Davis, he said that he thought it was all a mistake, that both Moore and Willard were working in harmony to secure his nomination. He said further that he didn't apprehend any serious difficulty in whiming out. Speaking to The Times-Dispatch correspondent about the situation in the Alexandria senatorial district, Mr. Davis said: "I do not think that Mr. Machen will have much trouble until he reaches Alexandria. There, I think, he will have a pretty tight fight. I believe that he will have to line up for Martin or against him before the contest in Alexandria is over."

"What effect would this have on Willard's support for him," Mr. Davis was saked, "I hardly think that Willardwould be for him after that," was his reply.

Mr. Davis believes that Machen will win out and be the next senator from the Alexandria district.

Judge James B. Dr. Roy said to recuperate his health and needed the rest. He said also that Judge was simply in a rundown state of health and needed the rest. He said also that Judge Sener will probably not be at Charlotteeville at the commencement nor on the occasion of the President's visit. It may be depended on, however, that the Judge will see to it that Joe Wilmer, of Rapidan, is there Joe Wilmer, of Rapidan, is there reddy comes. When the committee

That being the case, it is my online that the President will look toward Ohlo, for the Vice-Presidential candidate in the event Mr. Herrick achieves the governorable by a great majority. Having demonstrated his popularity in that way at the polls next November. Colonel Herrick naturally would help the Presidential ticket."

This interview was given out after a conference of Cabinet officials and is looked upon as representing the President's views.

Committee Work Done,

The committee work of the General Assembly for the session has about ended, except in the matter of merely formal sittings to consider bills passed by the other house. A large number of bills are passed noon and disposed of in a very short time, with ressions consuming about all day, there is little opportunity for committee work. Perhaps the hardest working committee of the two bodies is that for course of Justice, both in the Senate and House. About two-thirds of all the vast volume of bills that have come up have been considered by these committees, and hesides this both of them had to wrestle with the Campbell case. The work of the members of those committees could not have been had for the renumeration of legislators, but is a patriotic service. The committee yesterday reported to the two houses the completion of their labors, and the report was spread on the records.
